Three Local Students Among 30 Global Scholarship Winners

Arden Hills, Minn. – May 11, 2023 – Three Minnesota high school seniors are among 30 worldwide recipients of scholarships from the Dover Foundation Scholars Program. The students are also children of [CPC \(Colder Products Company\)](#) employees. Based in Arden Hills, Minn., CPC is an operating company within Dover, a diversified global manufacturer with an annual revenue of over \$8 billion.

Winners are eligible to receive up to \$12,000 in scholarship support over the four years of their undergraduate education. This year's local recipients are:

- Lydia Jang, Woodbury High School (Woodbury, Minn.), parents: Sam and Grace Jang
- Jaden Paterson, Lakeville North High School (Lakeville, Minn.), parents: Kip and Nicole Paterson
- Kris Xiong, Central High School (St. Paul, Minn.), parent: Yeeleng Xiong

An independent committee of college admissions professionals selected the recipients based on their academic excellence, leadership abilities and extracurricular activities. The program is now in its twelfth year and has awarded over 400 scholarships, providing nearly \$3 million in financial support to deserving students.

Lydia will attend Cedarville University in Ohio, majoring in molecular biology and pre-physician assistant studies. Jaden intends to major in computer engineering at the University of Minnesota Twin Cities. Kris will pursue a biology major at St. Olaf College in Northfield, Minn.

These students also are eligible for CPC-sponsored scholarships, which will be awarded this summer. The CPC program is open to all employees' dependents who pursue education after high school—two- or four-year colleges, universities or vocational/technical schools. Eligible students receive \$1,200 annually during their continued enrollment in an accredited institution. CPC awarded 29 scholarships in 2022.
